ed by Dr. W. C. COUDEN of Louisville, Ky. I wish to make a statement to the public, of the case of my little son, only 314 years old, who was so terribly afflicted with cancer which was thought to be incurable when I placed him under the Doctor's care. The cancer was a very large one, involving almost the entire cheek. It appeared to be of a very malignant character, and rapid growth, and had been coming for about the been coming for about three years. The Doctor made an application which he continued but a short time, which did not cause but comparatively little pain to my son. The application appeared to leave the cancer in a deed state, and in a few days it sloughed out, leav

ing the surrounding parts in a healthy condi-

tion, and it has since been successfully healed,

and he is now entirely free from pain and per-

feetly well; and my hitle son is very proud of

being cured. I have seen and heard of a great number of cases cured by Dr. Couden's treatment, and in the strongest manner I recommend him to all ose who are so unfortunate as to be with cancer. I would advise all persons thus afflicted to make no delay in securing Dr. Couden's treatment, as I believe his treatment to be less painful and far superior to any other physician in the United States. Any one desiring further particulars can address me at Haglersville, Henry county, Tennessee
